## Liberty Day Update

We had beautiful weather for the Liberty Day in LaGrange.

Thanks to everyone, old friends and new, who stopped to visit our booth, signed the animal shelter petition, or purchase some of our animal-themed goodies.

Every year, we make a little more money that we use to help with more spay/neuter operations, the pet tags (available at

area Vets), and needs the shelter may have. Special thanks to Debbie Bontrager, who compiled, printed and donated the wonderful pet treat cookbook and Marti Rich for great homemade dog bones.

It is only with the help of our animal-loving friends that we have the means to continue our work.  
**THANK YOU!**

Didn't get a copy of the Pet Treat Cook Book?

Send your check or money order for \$3.95 to:  
 LCAWA  
 P.O. Box 575  
 Howe, IN 46746

We'll mail yours to you! They make great gifts for your dog lover friends. There are 46 great recipes for dog cookies plus a few for cats.

## Meet The Stars

CHRISTIE

Christie is an American Eskimo. She loves to be outside and has to be around people constantly. She is housebroken. (Currently at Foster Home)

ROXIE

This little cutie is a Shepard-mix. Her name is Roxie and she's just waiting for a family to loce her. (Currently at Foster Home)

If you or someone you know can give a good home to any of our featured animals, **Please** contact the LaGrange Animal Shelter at 260-463-4142. **Because of space, their time is limited!**

MOJO

Mojo is a 2 year old Akita. He is very friendly and demands attention from anyone who will listen.

JACK

Jack is a male Australian Shepherd/Collie mix. He has a sweet disposition and knows some commands. About 3 years old, loves attention.

## Postal Service to Issue New Stamps

The United States Postal Service (USPS) will issue spay/neuter stamps on September 20, 2002. The reach and influence that the USPS brings to the table have provided us with a tremendous opportunity to raise public awareness that spay/neuter should be a part of every pet's total care.

In addition, the USPS has taken spay/neuter as their Fall Campaign!

From September until November 2002, Headquarters and 800,000 postal employees in 38,000 post offices nationwide will join in our efforts to build awareness of the millions of unwanted pets that are taken to shelters each year, and of spay/neuter

as a preventative part of the solution.

You can visit the website of American Partnership for Pets, a group that has been working for five years to bring these stamps to the American public, at [www.americanpartnershipforpets.org](http://www.americanpartnershipforpets.org) or visit [www.palc.org](http://www.palc.org) to link to them.

The LCAWA will have special discounts at our area veterinarians starting September 20th to coincide with the New Stamp Release.

At the end of July there were:

7 Dogs/Puppies  
23 Cats/Kittens

Waiting to be adopted. Help find homes, Please adopt a pet from the Shelter!

## Helpful Hints For A Safe Summer

You can help your dogs and cats have a good summer if you remember these simple tips:

- DO NOT LEAVE YOUR PET IN A CAR—EVEN IF IT IS PARKED IN THE SHADE, AND THE WINDOWS ARE OPEN! A dog or cat's temperature can rise rapidly and to a dangerous level within a few minutes in a hot car. Heatstroke and even death can then occur.
- Always make sure your pet has fresh, cool, clean water available. Dogs, and even cats, drink more on hot days. Remember water bowls can get knocked over very easily and cool water gets warm quickly on hot days.
- If your dog likes to swim, do not leave him/her unattended. Bathe your dog afterwards to remove all sand, mud and chlorine. Also be sure all pool chemicals are stored safely out of reach.
- DO NOT ALLOW YOUR DOG TO HANG OUT OF A MOVING CAR! Objects such as rocks, bugs, or tree limbs might hit your pet or he/she might fall or jump out. It is also not recommended that animals ride in the back of a pick-up trucks. Animals may be thrown to the ground if a sharp turn is taken.
- Be aware of oncoming thunderstorms by bringing your pets inside. Beside the possibility

of becoming ill if left in the rain, thunder may scare them, or they may be hit by lightning.

- Check your pet daily for fleas and ticks. This is not only a problem for your pet, but for your home as well. Talk to a veterinarian about taking preventative measures against pesky bugs.
